- 7.5 million + YouTube views
- HorseWyse Magazine Ambassador & Contributor

HANNAH PIKKAT

Self-Taught Horse Trainer, Social Media Success, Entrepreneur and Entertainer

Hannah is a self-taught horse trainer who practices natural horsemanship, liberty and clicker training methods. She is known for her kind and gentle approach and specialises in teaching tricks and carriage driving.

At only 22 years old, Hannah is a successful entrepreneur in the children's entertainment industry. Her miniature horses Crunch, Lippy and Toffee, have brought delight to hundreds of young girls (and mums!) through Hannah's business Adorable Pony Parties.

She has performed at the largest horse show in the southern hemisphere, Equitana, demonstrating her horse trick training skills and speaking about her social media success. Hannah also offers entertainment for intergenerational events and child care centres, and horse therapy for the aged.

Hannah has cultivated a large social media following with over 200K people following her journey with Crunch, which makes her one of the most followed horse related Instagram accounts in Australia and worldwide. Her YouTube channel has attracted over seven million views.

As an ambassador for HorseWyse Magazine since 2016, Hannah shares her passion for horses and tips for developing the trainer and horse relationship organically. Her articles feature in the quarterly publication, which is the number one magazine in Australia for young horse lovers.

In 2019 Hannah participated in the 250 Day Brumby Tournament, where she trained a wild brumby from Kosciuszko National Park and had 250 days to showcase the versatility of a wild horse in traditional horse disciplines. Placing third overall in the competition gave her a new appreciation for the intelligence, trust and friendship of horses.

HANNAH'S EQUINE PARTNERS

CRUNCH

- One of the world's most loved miniature ponies!
- American Miniature Horse standing at only 81cm tall
- Became Hannah's first miniature horse when she was 10 and he was 1 year old
- Orphaned at birth, he spent a lot of time living close to humans (in bed and on the coach kind of close)
- He wags his tail like a dog and nickers in a high pitch when he is excited to see people
- Can jump over one and a half times his height and has a wide repertoire of party tricks
- Hannah and Crunch have appeared on Disney's "Hanging With" Show and Channel 7's Sunrise and Today Show, as well as performing at Equitana (largest horse show in the southern hemisphere) and featuring on the cover of HorseWyse Magazine multiple times

LIPPY

- Dwarf American Miniature Horse standing at only 79cm tall
- A spunky little sidekick to Crunch who is obsessed with food – she even ate the wooden beams in her stable!
- Born with deformities which excluded her from being a show pony, she has a beautiful and gentle temperament that makes her a perfect party pony
- Her special talent is pulling carriages full of giggling little girls, and making it look good
- Lippy has speed, strength, grace and determination

TOFFEE

- Newest and youngest member of the team
- Dwarf Australian Miniature Horse standing at 86cm tall - the tallest of the three
- Limited human contact when she was younger made her a wild pony to train, but now she is a sweetheart
- Toffee is an intelligent pony and fast learner
- She is in the process of learning tricks and can also be ridden by children

WHAT PEOPLE SAY ABOUT HANNAH

“Hi Hannah, thanks once again for an AMAZING party! All the guests were full of compliments and the girls all had a magical day. You’re amazing at what you do and the ponies are just so perfect in every way.”

– Rolla (Adorable Pony Parties)

“In addition to the professionalism displayed by Hannah, she is an extremely courteous and a compassionate young lady. This is one of the first reasons I was keen to establish a partnership with her. The way she trains her horses and the way she interacts with her fans is impressive.”

- Emma Lipscomb (Owner/Editor Horsewyse Magazine)

“They are miniature horses with massive star appeal. Meet “Lippy” and “Crunch” who together with Hannah Pikkat have amassed the largest horse-themed Instagram following in Australia”.

– Central Coast Express Advocate (front cover feature)
